BET4733 Activity 3-1

- Based on Figure 1, there are 21 tide monitoring stations in Malaysia. Choose 1 station within each of the following region:

No	Region	Station
1	Peninsular Malaysia-East Coast	
2	Peninsular Malaysia-West Coast	
3	East Malaysia	

- Plot predicted tidal curve for each of the station chosen for October 2017. Determine the spring tidal range and neap tidal range.
