The numbers above 20 and the colours

- The aim of the fifth topic is to introduce students to the numbers above 20 and to the colors in German.
- **Expected Outcome**
 - At the end of the fifth topic, students will know German numbers and will be able to use them in real-life situations, and they will know the names of basic colors as well.

Die Zahlen ab 20 – The numbers above 20

20	zwanzig	30	dreiig
