# EFFECT OF INSAN KAMIL

# EFFECT

- Ourselves
- Family
- Community

# Effect to ourselves

- Mind
- Soul
- Body
- Lust

# Mind

- Something valuable that determine the image of the human
- Determine right or wrong
- Through mind people can observe the surrounding and gain knowledge

# Soul

- The main component of a human being
- Although it is still a secret of Him through soul we can breath and do everything.
- Determine our action
- A pure soul produce a great body

# Body

- Combination of organs and systems
- and do not throw yourself into destruction (Surah al-Baqarah: 195)
- we have to take care of our body from anything

# Lust

- Imam Ghazali make comparison that lust is like wild animal, it is difficult to control.
- If we control lust we can avoid from doing anything that is bad and damaging vice versa.
- Indeed, the human libido is asked to do evil, except for those who have mercy Lord (Peace be it from the suggestions of the soul). (Surah Yusuf: 53)

# Effect to family

- Physical
- Spiritual
- Good values / akhlak
- Economy

# Physical

- Great mind born from great body
- Choices of food
- Avoid alcohol, smoking and taking drugs
- Lead to weak mind ,body and spiritual if the physical is not take care.
- Influence of insan kamil will lead a family institution into a health environment including mind, body and soul

# Spiritual

- As a leader of family we responsible to shape our family.
- Responsibility as a muslim (khalifah of Allah)
- Successful indeed are (after receiving warnings) trying to clean himself (in repentance and good deeds) and talking with his tongue and his heart will be the name of his Lord and prays (with devotion). (Surah al-A'la: 14-15)

# Akhlak

- an ideal leader is an effective model of moral education of his family. It should guide the members of his family with Islamic morality based on the knowledge and experience with him. The failure of some families to adopt Islamic morality is the failure of many family heads or their parents who do not practice good values as prescribed by Islam. That's why parents need to develop the benefits of their prior practices could be passed down to their children.

# Economy

- A head of the family also arrange for the question of social and economic life of the family based on good values. It will have a sense of responsibility to improve the lives of his family by being conscientious in his career. It is confident that the commitment to work is religious instruction should be met. Thus it would bring his family out of the scope of poverty which is one of the enemies of Islam that can lead to disbelief as saying of the Prophet: 'It is almost poverty that leads to unbelief. (Narrated by Abu Naim)

# Effect to community

- Religion
- Politic
- Social
- Economy

# Religion

- Can form a peaceful environment
- Can spread Islam to the world
- creating a culture of harmony and discipline, and also show a community that has high image and get the blessing from Allah SWT.

# Politic

- A country's political stability is due to the excellence and strength in each individual, which then forms a strong national ties.
- countries would be honored and respected by other countries as well as highly regarded

# Social

- crime will be reduced
- prosperous societies
- advanced education will be increased due to many knowledgeable people around
- exists a strong bond between the community

# Economy

- "But seek the wealth which has been given by God to (reward and happiness) Last Day and do not forget your share (the requirements and provisions). (Surah al-Qasas: 77)
