# Presentation (Instructions)

- This is a group assignment. Students will have to make a detailed presentation on any one of the topics mentioned below. The topics will be finalised in a class.
- Presentation should be in power point form with at least 12 slides.
- Students will have to submit hard copy of the presentation and should present the topic for 15-20 minutes (each group)
- Students can use books, research articles, information available on web as reference material
- The students will be evaluated on the basis of contents in the presentation, ppt presentation and question answer session.
