

Class Activity (Individual)
(30 minutes)

This is an individual task:

Search (via web) a safety and health mission statement of any company either local or international. Analyse the mission statement and discuss by giving opinions towards:

1. Clarify values in the statement
2. Is it good or bad statements that promote safety culture?
3. How can you give suggestions to improve the statement?

Additional Note:

- Students may use laptop, tablet or smart phone to do some reading in the internet.
