

Class Activity (Discussion)

30 minutes

In group, discuss and develop **Critical Behavior Checklist (CBC)** for one activity that can be found in Faculty of Engineering Technology (Ftek), laboratory.

Additional Note:

- Students may use laptop, tablet or smart phone to do some reading in the internet.
- At the end of the discussion, one of the students will present the developed CBC at the front of the class.
- Other students are free to ask the question during the presentation.
