# LEARNING ACTIVITIES

Risk can be defined as uncertainty on events occurred which affect project objectives.

1. Explain what you understand on risk.
2. From your daily routine, identify and explain FIVE (5) risks that you might encounter in your daily life.
3. Describe your risk attitude towards all the risk identified.

# LEARNING ACTIVITIES

- Prepare an individual presentation for all the questions.
- Students are given 20 minutes to prepare, and 10 minutes presentation.
