

# Research Methodology

## Lesson 4 – Structure of Literature

by

**Yudi Fernando., Ph.D.**  
**Faculty of Industrial Management**  
**yudi@ump.edu.my**

# Objectives of this lesson

- To prepare state of art structure of literature.
- To help students to prepare coherence write up.
- To help students to highlight the uniqueness of their write up.

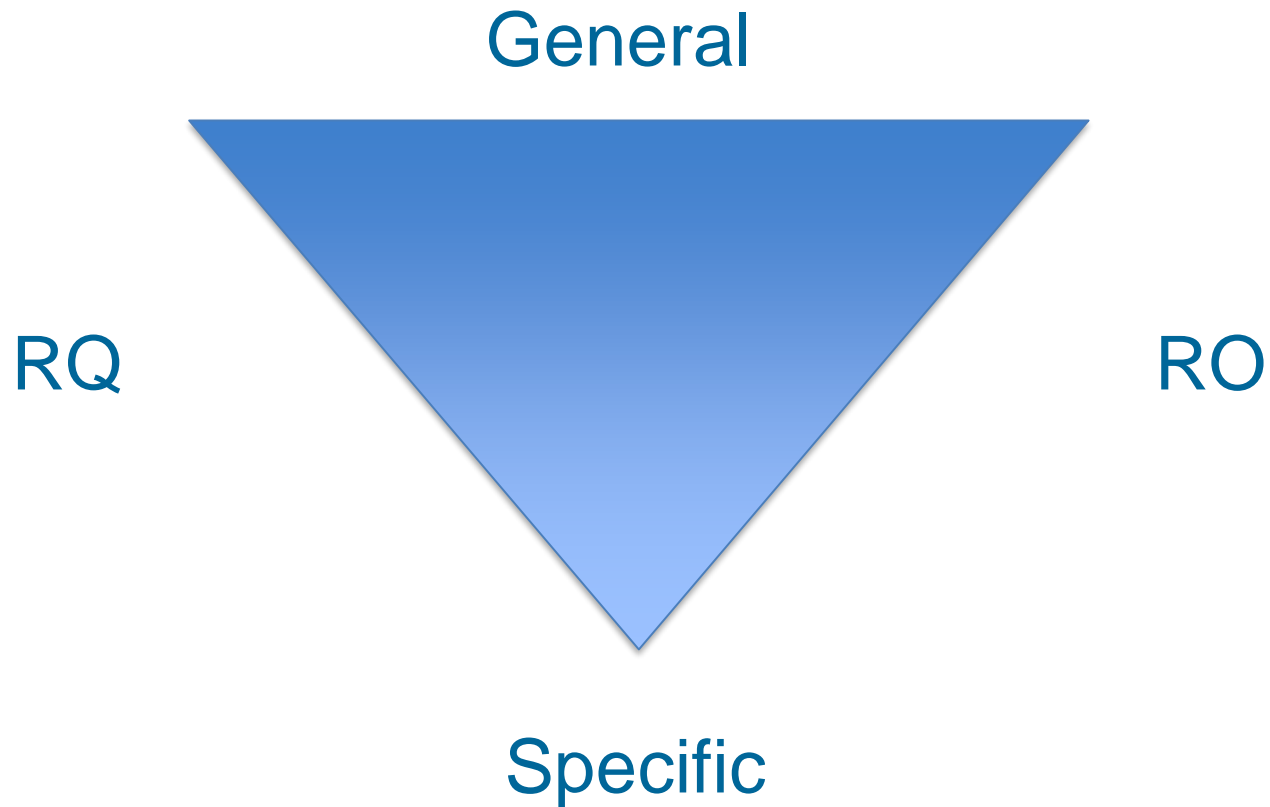

# Synopsis

This is additional lesson to enhance students understanding on literature review that previous lesson partially covered. In this lesson briefly explain structure of literature review that can be used as benchmark in write up.

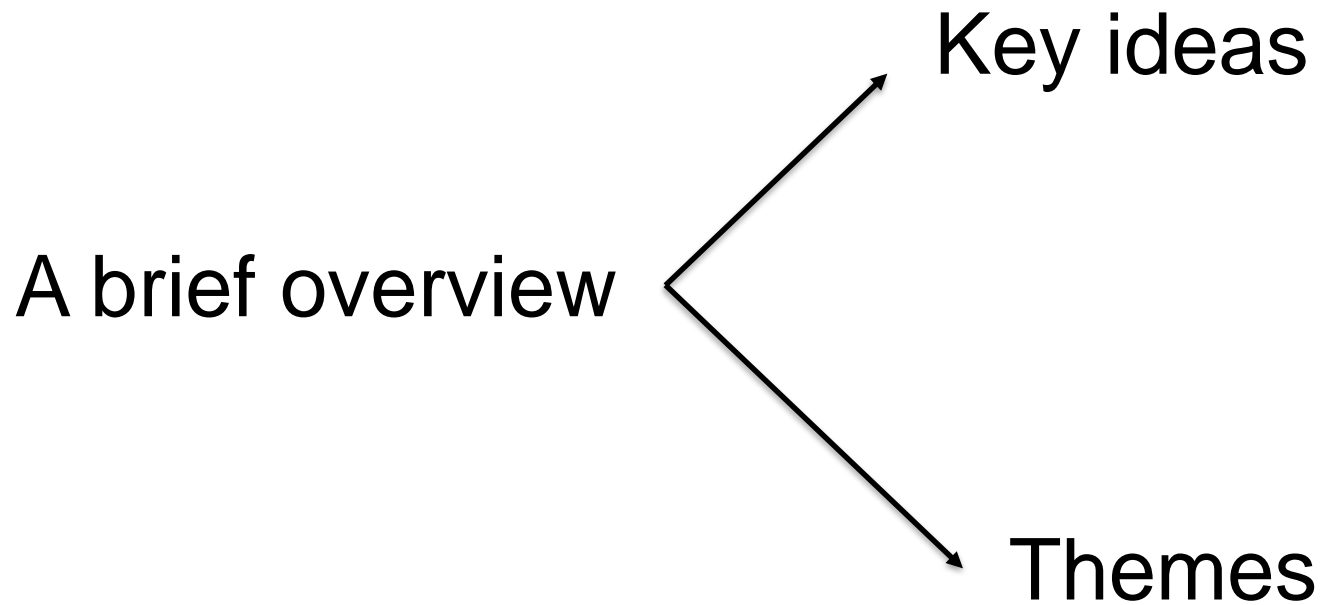

# Expected outcomes

- Students will be able to prepare state of art - structure of literature.
- After completed this lesson, students are expected to prepare coherence write up.
- One of the most challenging tasks is to highlight the uniqueness of research. By reading this lesson will enable students to discuss the novelty of their research.

# Structures of literature review (1)

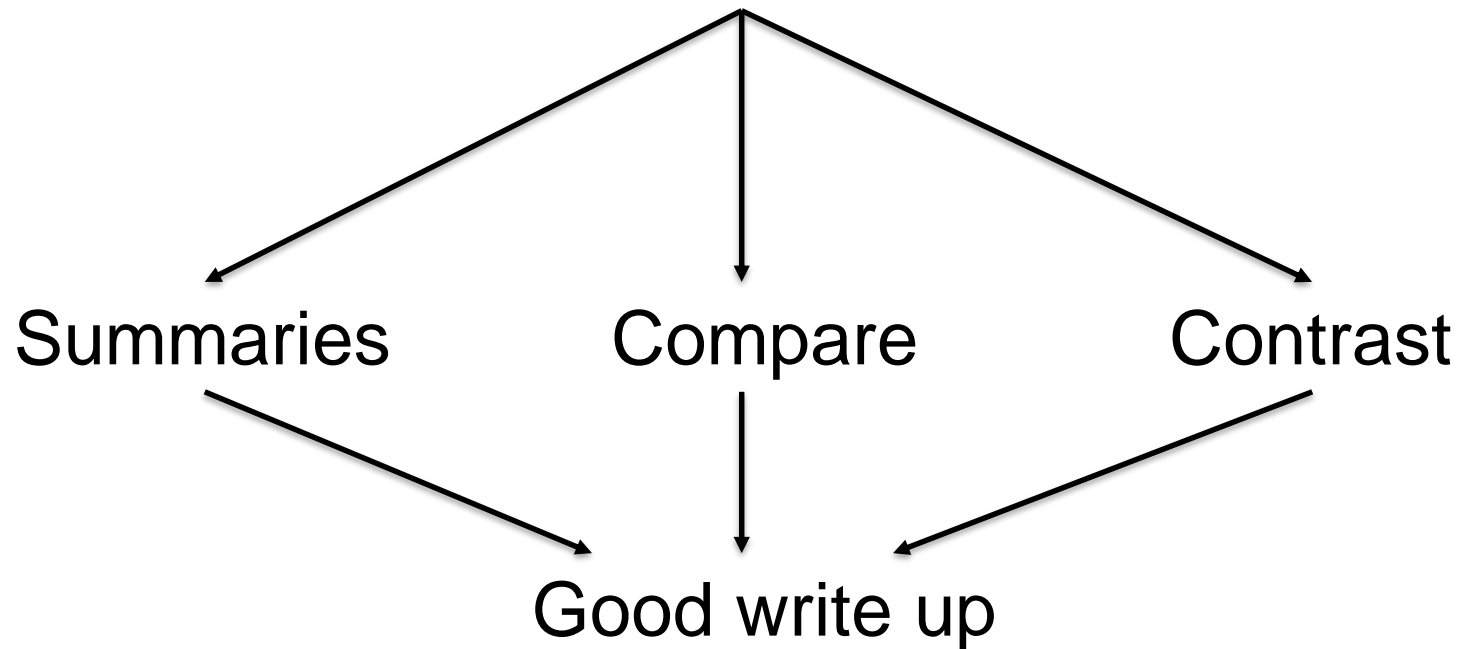

# Structures of literature review (2)

# Structures of literature review (3)

The research of the key authors

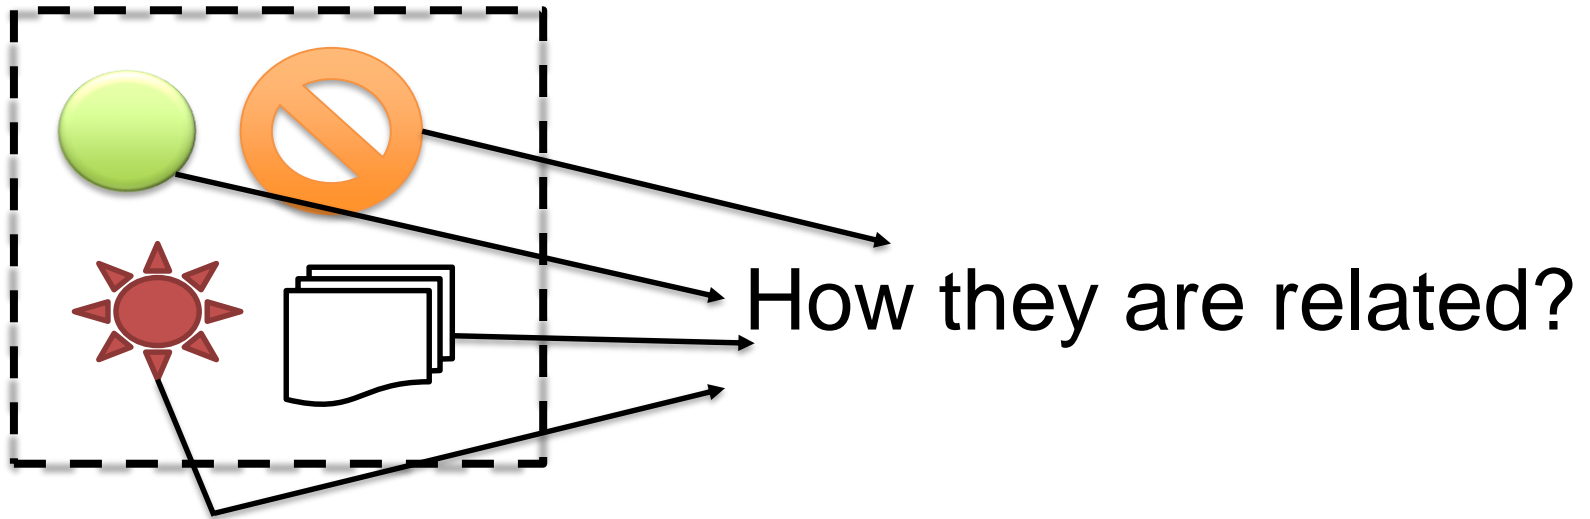

# Structures of literature review (4)

Previous studies most relevant to yours

# Structures of literature review (5)

The previous findings

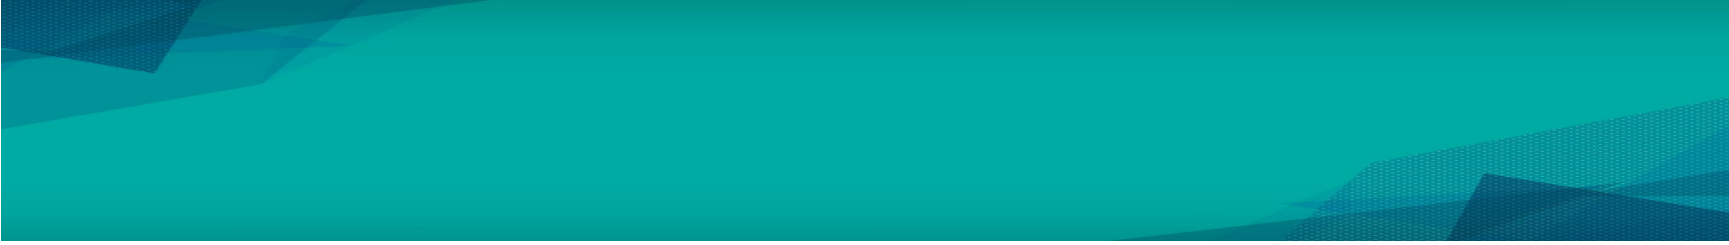

# Structures of literature review (6)

Highlight uniqueness

Your research – stand point

Fresh insights

The structure of literature review should help the readers understanding into subsequent sections of your write up

# Content of literature review

- Covered clearly RQ and RO
- Covered the most relevant findings
- Covered the significant/ established theories
- Fresh, up-to-date and relevant content of literature

# Summary

- Students need to ensure the write up has been contextualized to own research. It is show how literature review relates with research questions.
- By reading this lesson students will be able to compare and contrast strengths and weakness previous research.
- Using previous literature review will enable students to included references to support their ideas and justification.
