LEARNING ACTIVITY # 10

GROUP TASK

This is a group based assignment and it requires preparation of a comprehensive report on procurement strategy that has been implemented by the construction industries located in your state/province. Each group will choose ONE organization and carry out the following tasks:

1. Identify the contract and procurement process in the organizations from early stage until completion of project. Explain on how the procurement requirements are identified and validated (Procurement assessment criteria).
2. Discuss all types of contract that has been used in the organization.
3. Evaluate the most appropriate procurement strategy that can be considered as the best to implement by giving your own justifications.
4. Find out whether the organization has proper mechanism to manage conflicts and what are their appropriate methods to resolve conflicts.
